Strategy

MINAEAN
CONSTRUCTION CORPORATION
AN AFFILIATE OF SHAPOORJI PALLONJI

Minaean was well known for its pioneering efforts in the manufacture and fabrication of light gauge steel (LGS) structural wall panels for the construction industry and modular metal buildings in N America and India.

The strong, affordable, ecologically sustainable structures provided a solution to the mass housing shortages in developing countries in addition to a range of conventional applications.

The company completed 500+ Modular Buildings and executed 20+ Projects using its proprietary LGS (Light Gauge Steel) System also know as Cold Formed Steel (CFS).

In August of 2015, Minaean entered into a strategic partnership with Shapoorji Pallonji International (SPINT), the subsidiary of one of India's largest construction and real estate conglomerates resulting into taking a controlling stake in the company.

The new partnership resulted in the company name changing to Minaean SP Construction Corp., provided new capital and positioned them to bid and execute construction and infrastructure projects.

Strategy

MINAEAN
CONSTRUCTION CORPORATION
AN AFFILIATE OF SHAPOORJI PALLONJI

With SPINTs expertise in construction of mega housing, healthcare, and hospitality and through its affiliated subsidiaries in ports, railways, refineries, solar renewable power, water purification, etc. strengthens Minaean's opportunity on using its invaluable network in the Canadian market to conduct business development through the support of Global Affairs Canada, Canadian Commercial Corporation, Export Development Canada and other international export credit agencies .

Minaean SP Construction Corporation's business focus is to develop government to government (G2G) contracts with the support of the Canadian Commercial Corporation, which has a mandate to develop and execute contracts through Canadian companies as contractors.

Having been approved as a construction contractor for construction of ministry staff housing projects in Ghana, enables Minaean SP Construction Corporation to develop and execute substantially large (with values over US \$ 50 million) and larger projects on a G2G sole sourcing model.

Objectives

MINAEAN
CONSTRUCTION CORPORATION
AN AFFILIATE OF SHAPOORJI PALLONJI

- 1 By September 2022, improve company's liquidity, Increase the gross profit margin and control costs with a goal to achieve suitable net profit and drive the company further into profitability.
- 2 Achieve revenues of CA\$20 million, by September 2022, and increase by >100% percent annually for the following 3 years. First contract expected by first half of 2022.
- 3 Close and commence execution as a subcontractor to Shapoorji Pallonji Group for construction of University campus in Cote D'Ivoire by March 2022 – Project studies nearing completion .
- 4 Close/conclude Industrial Park construction contract under development in Uganda through CCC's G to G model by September 2022 .
- 5 In 2022, become Pre-qualified with local government/institutions for construction projects of \$5 Million and more, which is the highest pre-qualification criteria for many institutions (healthcare and education).
- 6 In 2022, structure a minimum of 2 hospitals to be executed on a Public Private Partnership basis – under development in Kenya and Madagascar .

International Business Models

MINAEAN
CONSTRUCTION CORPORATION
AN AFFILIATE OF SHAPOORJI PALLONJI

1. Sole-Sourced Contracts – Meaning the Foreign Government can directly award the contract to Minaean SP based on its experience and expertise. The project is duly supported and guaranteed by the federal government.
2. Government-to-Government – Meaning the contract is directly between the government of Canada and the foreign government and is without the tendering process. The project is duly supported and guaranteed by the federal government. Note* this model comes into play if the Government cannot directly contract with a private entity.
3. PPP 25 years concession or more – at this moment only in the Federal Healthcare sector. MSP will form a consortium of companies for offering a proposal for construction and operation of a hospital project to be executed on a Public Private Partnership (PPP) basis at the request of a foreign government against the guarantee from Ministry of Health to reimburse the investors on an annuity basis from their operating budget.
4. Direct Cash Contracts – Private client has the financing and requires a capable contractor who will be able to fully execute the construction portion of the project or complete Design+Build.

Canadian Business Models

MINAEAN
CONSTRUCTION CORPORATION
AN AFFILIATE OF SHAPOORJI PALLONJI

Minaean's model is based on a lean model and will rely on outsourcing to complete its local projects. The local labor will be provided by the local JV Partner. SP will provide Minaean with a technical and managerial team for the execution of the project, as well as taking a lead on meeting the financial requirements such as bonding and insurance requirements.

The general method in which Minaean SP develops its local projects is as follows:

1. Through the monitoring of public tender opportunities and the database of current private opportunities, Minaean SP will identify the projects that are strategically aligned.
2. Once the opportunity is approved internally:
 - a. In the case of public projects the process is provided in the tender documents, Minaean SP will currently only pursue bid-build projects with RFQ or RFP.
 - b. In the case of private projects Minaean SP will reach out to the developer and introduce our services and experience for their consideration on the project.
3. Next will be the development of the RFQ or RFP documents which will have to be coordinated with the local partner and SP's International head office in Dubai.
4. Contract will be awarded to Minaean and the construction will start as per the contract.

Short & Long Term Prospects

Project Name	Contract Value – US\$	Gross Margin in CA\$
Uganda – Industrial Park	\$192M	\$8.5M*
Cote D'Ivoire - University	\$100M	\$6M*
Canada – Residential	\$30M	\$3M*
Zambia - Healthcare	\$130M	\$10M*
Ghana – Industrial Park	\$150M	\$10M*
Oman – Marina Resort	\$200M	\$10M*
Madagascar – Hospital	\$120M	\$5M*
Peru – Hospital	\$300M	\$12M*
Oman – Smart City	\$400M	\$20M*
Kenya - Healthcare	\$260M	\$5 M*
TOTALS	\$1982M	\$ 89.5M

- * Expected margin range is 5% to 15% based on the structure of the contract – All estimations based on contracts under development and/or discussions.
